02:08:05 Kathryn Caggiano, RTE ENGR: Thank you, Charlie and Michael, for this clear summary of your comprehensive and thoughtful review!

02:09:49 Richard Bensel: The slide that Charlie prepared, if I remember correctly, that undergraduate enrolment increased 9 percent between 2014 and 2022, tenure-track faculty did not increase at all, and RTE faculty 41 percent. The latter has been a continuing concern of the Faculty Senate. I urge us to consider the imposition of caps on the number of RTE faculty, regardless of what is done with the present proposal.
