02:16:00 Danyel Wierson: Reacted to "https://docs.google...." with 👍

02:16:47 Allison Chatrchyan, Cornell: I had provided input that the letter ought to be modified: it does not stand up for those most in our community that are vulnerable. It should be modified to ask for the trustees to declare also: 4. Publicly declare our University's support for our Cornell foreign graduate students or post-docs facing the illegal revocation of their visas and illegal abduction.

5. And finally, draw upon the University's considerable financial resources to ensure that the University's research, teaching, and land-grant outreach work continue uninterrupted, by protecting the employment of non-tenured faculty, graduate students, and staff employees.
